LAST DAY TO PARTICIPATE IN FORT COLLINS ARTSPACE SURVEY IS JUNE 19

Survey for affordable artist housing and creative space closes soon

FORT COLLINS, Colo., June 13, 2017—Individuals, organizations and businesses in the arts, cultural and creative communities have one week remaining to take an online survey that will help determine the need for affordable housing and work space in the Fort Collins area. Artspace, a national nonprofit, is conducting the survey which is accessible at www.focoartspace.org and closes June 19.

Survey results will provide information about how much housing and workspace the local arts community can use. The [City of Fort Collins](#), [Fort Collins Downtown Development Authority](#), and [Bohemian Foundation](#) invited Artspace to Fort Collins to explore the potential of developing affordable spaces where artists and creatives of all disciplines can live and work, and cultural organizations and creative businesses can thrive.
